

Presents

INTERNATIONAL CONFERENCE ON FUNDING HIGHER EDUCATION, HEALTH SYSTEMS RESILIENCE, AGRICULTURE & ENVIRONMENT

27-29 October, 2026

**Tirana International Hotel &
Conference Centre, Albania.**

Park Inn by Radisson Brussels Airport

About

About the Conference

AEIP Academic Forums Europe will convene leading academics, policymakers, funding institutions, and industry experts to address critical global challenges at the intersection of education, health, agriculture, and environment.

- Funding Higher Education: Sustainable financing models, public-private partnerships, EU funding mechanisms, and innovation in student support
- Health Systems Resilience: Post-pandemic recovery, cross-border health collaboration, digital health, and investment in healthcare infrastructure
- Agriculture & Environment: Climate-smart agriculture, food security, green transitions, and sustainable value chains between Africa, Europe, and the Balkans.

Who Should Attend

University leaders, researchers, health system administrators, agribusiness stakeholders, development agencies, investors, and government representatives.

Call for Papers or Attend as a Listener

AEIP Academic Forums Europe invites abstracts for oral presentations, panel discussions, and poster sessions under the following tracks:

Track 1: Funding Higher Education

Sustainable financing models, public-private partnerships, EU/World Bank funding mechanisms, student mobility schemes, innovation in research funding

Track 2: Health Systems Resilience

Digital health and AI in healthcare, workforce development, cross-border health governance, emergency preparedness, post-pandemic financing

Track 3: Agriculture & Environment

Climate-smart agriculture, agri-tech and innovation, food security, circular economy, Africa-Europe agri-trade, biodiversity and sustainability

Listeners are also welcome to register for the conference.
